- 20 Apr - Students First Day

Principal Update

Welcome to a new school year at CVPS! It has been wonderful to see our students returning with big smiles, ready to reconnect with classmates and teachers. A special welcome to all new families joining us for the first time. We are delighted to have you as part of our community.

At Canning Vale Primary School, our motto guides everything we do: ***"We empower our community to be life-long learners who are respectful, resilient, courageous, and strive to achieve their best."***

This year, we will continue to embed these values in our learning programs, our relationships, and the way we work together. We are proud of the rich cultural diversity within our school, and we warmly welcome the unique perspectives and strengths this brings to our community.

The start of the year is a busy time, and I would like to thank our staff for their hard work preparing welcoming classrooms that help our students feel safe and ready to learn.

I look forward to another year of learning, growth and connection. Together, we will continue to empower every child to be the best they can be.

Mrs Hayley Taylor

Associate Principal Update

K-2 Update: Our new Kindergarten students have made a fantastic start to school! They've been busy crafting, building, and exploring our wonderful outdoor play spaces as they settle into the routines of school life. It's been lovely watching their confidence grow each day.

3-6 Update: Congratulations to the Year 4s who did a great job starting off assemblies for the year. We have a busy couple of weeks coming up with NAPLAN for Year 3 and 5 students in Week 6 and 7 and the Year 6s swimming at Cottesloe Beach.

Whole School: Our teachers are already hard at work collaborating to bring our 2026 priorities to life. This year, we're focusing on:

1. Implementation of the school's Instructional Lesson Framework
2. Clear school expectations and procedures to support accountability and growth
3. Recognise and respond to individual differences, building an inclusive and culturally responsive school community

This year, we are excited to deepen our commitment to **The Resilience Project** by embedding its principles into everyday school life. Each term, our whole school will focus on one of the key **GEM values** **Gratitude**, **Empathy**, and **Mindfulness**, to help students build emotional resilience and positive well-being habits.

Alongside our GEM focus, we will also continue to highlight a weekly whole-school **Behaviour Expectation**, helping us create a shared understanding of what it looks like to be safe, respectful, and responsible across all areas of our school.

Our values are:

Kindness

Respect

Resilience

Strive to Achieve

Strive to Achieve

Term 1 GEM Focus: **Empathy**

Whole School Behaviour Expectations:

Kindness: I include others in play and learning

I know that everyone is different and unique and special

Respect- I follow the instructions given by all staff members

Attendance Update

Every Day at School Matters

At Canning Vale Primary School, we know that every day of learning helps your child grow, learn, and feel connected. Building strong attendance habits in the early years sets children up for success—now and into the future.

We kindly ask families to avoid planning holidays during the school term, so children don't miss valuable learning experiences.

Why Regular Attendance Is So Important

Every day of learning counts

When children attend regularly, they benefit from rich early learning experiences that build essential literacy, numeracy, and social skills. Research shows that children who miss many days of kindergarten often begin full-time school with weaker foundational skills.

Attendance is a school-readiness skill

Just like developing social-emotional skills, independence, and positive learning behaviours, attending school every day is a habit that lasts. Children who are frequently absent in the early years are much more likely to continue experiencing attendance challenges later in school.

HOW PARENTS CAN HELP WITH ATTENDANCE

- Establish a good routine at home and stick to it
- Make sure your child understands the importance of good attendance and punctuality
- Get up early
- Get things ready for school the night before
- Make appointments e.g. dentist after school hours, at weekends or during the holidays
- Show an interest in what your child is learning in school...
- Let school know the reason for absence on the first day of non attendance...
- Send a note to the teacher when your child returns to school
- Avoid taking holiday's during term time
- Discuss problems your child may have at school with their teacher - let us know about anything that is causing a concern

Faces of Our School

We are delighted to introduce a number of new staff members who have joined CVPS this year.

Mr Darcy Sunter

TEACHER - A1 YEAR 2

What was your favourite memory from primary school?

My favourite memory from primary school is playing footy with my mates during recess and lunch. During primary school I also had some great teachers who I have fond memories of.

What was your favourite subject in school, and why?

My favourite subject in school was English, because I love to read and to write my own stories.

What job did you want to do when you were a kid?

I'm not sure I was thinking about my future career an awful lot as a kid, so I would probably say I had my heart set on being an AFL player.

Where is your favourite place you have travelled to?

My favourite place I have travelled to is a tricky one to answer! I would say Portugal and Italy, but I also loved visiting Vietnam.

Miss Caitlin Messercola

TEACHER - B4 PRE PRIMARY

What was your favourite memory from primary school?

My favourite memory was going to Rotto for year 6 camp, I had the absolute best time!

What was your favourite subject in school, and why?

My favourite subjects were English and Art. I have always loved all types of writing, mainly creative and persuasive. Art has also always been a passion of mine!

What job did you want to do when you were a child?

When I was young I wanted to be a vet. I loved animals and I am very nurturing. As I grew older it was always between working with animals and children.

Where is your favourite place you have travelled too?

My favourite place I have travelled to is Italy. I love the food, the culture and history.

Mr Andrew Bongiovanni

SCHOOL PSYCHOLOGIST

What was your favourite memory from primary school?

School holidays, who doesn't love school holidays!

What was your favourite subject in school, and why?

English was my favourite subject as it taught me to be highly reflective and to develop the ability to ask curious and inquisitive questions.

What job did you want to do when you were a child?

To become a writer.

Where is your favourite place you have travelled too?

Esperance in WA, best beaches I have ever seen.

Harmony Day at CVPS

Harmony Day at Canning Vale Primary School was a joyful celebration of diversity, inclusion, and belonging. Students gathered for a whole-school assembly, proudly wearing traditional cultural outfits or bright orange to symbolise respect and unity. Each year group showcased their attire, highlighting the rich variety of cultures within our community.

A highlight of the assembly was a captivating Silambam performance by Iniyam. Silambam is a traditional martial art from Tamil Nadu, known for its dynamic movements and skilful use of a long bamboo staff. Iniyam demonstrated impressive agility, coordination, and discipline, giving students a fascinating glimpse into this ancient cultural practice. The performance not only entertained the audience but also deepened our appreciation for the traditions that form part of our diverse community.

Harmony Day at CVPS was a meaningful reminder that everyone belongs. Through celebration, learning, and shared experiences, we strengthened our understanding of one another and celebrated the many cultures that enrich our school every day.

P&C Update

Building Community. Supporting Students. Making a Difference.

What is the P&C?

The Parents & Citizens (P&C) Association is a group of parents, carers and community members who work together to support Canning Vale Primary School and enhance opportunities for our children.

★ Why Join the P&C?

- ✓ Have a voice in your child's school community
- ✓ Help fundraise for resources, programs and improvements
- ✓ Connect with other families and build friendships
- ✓ Support events that bring our school together
- ✓ Contribute ideas that make a real impact

💡 How the P&C Supports Our School

- Funding playground equipment and learning resources
- Supporting special programs and student initiatives
- Organising community events and fundraisers
- Enhancing the school environment for all students

Every contribution big or small helps make our school even better.

⚠️ We Need You

The P&C is a registered association and operates as a volunteer run, not for profit organisation. To continue operating, we must have key executive roles filled, including a President and Secretary. Unfortunately, our AGM had to be postponed this week and these positions have not yet been filled. Without a President and Secretary, the P&C cannot legally operate. If we are unable to fill these roles, the P&C will no longer be able to continue at CVPS, which would have a significant impact on the programs, fundraising and support we provide to the school.

Our school community needs you!!

👏 Get Involved!

You don't need special skills or lots of time, just a willingness to help and support our school.

📅 AGM Booked: Tuesday 24 March at 6:30pm

📍 Location: Staff Room

Come along, meet other parents and carers, and help make a difference at our school.

✉️ Contact: president@cvpssc.com

🌐 Follow us: [Canning Vale P&C Facebook Page](#)

Join the Canning Vale Primary School P&C

Working together for our kids!

Why Join the P&C?

- ✓ Meet other families
- ✓ Have your say
- ✓ Support the school
- ✓ Create fun events

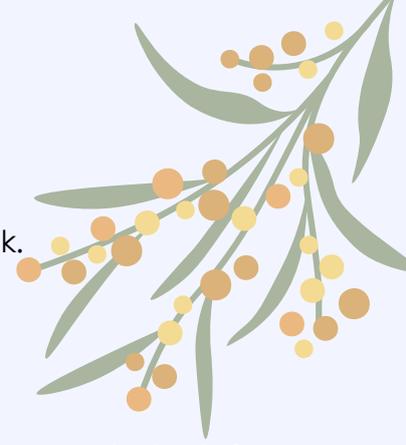

What We Do!

- 🎉 School Events
- 🏞️ Playground Upgrades
- 📚 Learning Programs
- ★ School Improvements

Get Involved & Make a Difference!

Everyone Welcome! ❤️

Chaplain Chat

What does a YouthCare Chaplain do?

YouthCARE Chaplains are there to listen and provide a supportive place to talk. We offer confidential, non-judgmental pastoral care and programs based on respect, compassion, service and hope.

What does that look like at CVPS?

I am at the school on Wednesdays, Thursdays and Fridays, located in Room H1. I see students for one-to-one pastoral care sessions, providing a listening ear and social and emotional support.

One of the programs I am trained to facilitate is Seasons for Growth — a small group education program that supports children and young people to develop the knowledge, skills and attitudes to understand and respond well to experiences of change, loss and grief.

At recess, students are welcome to come into the Chaplain Room (H1) for play time. It's a safe space where students can relax, read a book, play Jenga, do colouring, or simply have a chat.

How to get in touch?

I use a referral-based system. You can contact me directly, speak with administration, or talk to your child's classroom teacher to request a Chaplain Referral Form or show interest in the Seasons for Growth program.

Email: emma.caccetta@guest.education.wa.edu.au

Please note that I will be on leave during Weeks 6 and 7. During this time, students can speak with their classroom teacher or contact the school administration team if support is needed.

Emma Caccetta
Chaplain

OSHClub Update

Dear Families,

We have had a busy and exciting January Vacation Care period.

Canning Vale OSHClub was nominated and awarded 2025 Service of the Year at our Junior Adventures Group awards night. The award is a testament to the wonderful team and program they operate. Then in early January we were notified that the Assessment and Rating process had started for the service. An officer from the Education and Care Regulatory Unit attended the service for a day to assess us against the 7 Quality Standards and then met with Susanne and Ang the following day to discuss the service practices. We were able to submit our Quality Improvement Plan with a lot of exceeding evidence and the assessor noted how visible and embedded the practices were. We are eagerly awaiting our draft report and results and will share them as soon as we receive them.

We have also reflected on our holiday program offerings and taken into consideration some feedback we have received around excursions. We have decided to go ahead and plan for excursions again from April and hope to be able to support the families to ensure the program remains inclusive for all.

A note from the Community Health Nurse

Welcome to the new school year. I am the nurse that will be visiting your school throughout the year.

School Health nurses support children's healthy development and wellbeing in primary schools. We offer a free health check (School Entry Health Assessment) for all children in the year that they start school. You may receive a School Entry Health Assessment form via your child's teacher. If you sign and return it, we can check your child's vision, hearing, teeth, growth, and development.

School Health Nurses provide feedback and support to families and schools after assessment and connect you with services in the community. We promote parenting programs and help with health care plans for students with identified and chronic health needs. Additionally, we may provide advice and support for some areas of the curriculum delivery on request by the school.

Further information about the role of the nurse in primary schools can be found here:

[Primary-School-Health-Nurse](#)

[Child and Adolescent Health Service | CAHS - School Health](#)

If you have any concerns about your child's health, development, or well-being, please contact me through the school office, or on 92588053. You can also email me at lily.vanderwacht@health.wa.gov.au

The services provided are free and confidential.

Lily Van Der Wacht
School Health Nurse

Better Health Program

Are you concerned about your child's health or just wanting to give them the skills to live a happy and healthy life? Then the Better Health Program is for you.

Available for families with children 6 – 12, the Better Health Program provides free and accessible support alongside a health professional. They can help you in areas like:

- Quality nutrition & mindfulness,
- Active movement & sleep-routines,
- Reducing screen-time, & more!

The program is completely free and runs online all year round. After your first call, you'll be sent a resource pack valued at over \$300 including everything you need to build a healthy family routine. You will also get access to a suite of online activities and resources to help put advice into practice.

If this sounds like something our family will enjoy, head to the Better Health Program - <https://betterhealthprogram.org/> - or give the team a call on 1300 822 953. But be quick, spots are filling up fast

62%
of children on the program cut back on **snack foods**

Join the Better Health Program Online.
FREE for WA families.

Support your child's health without judgment or shame.
